

Q: What is a matching gift?

A: A matching gift is a donation made toward a non-profit/charitable organization through your employer that is a percentage **up to 100%** of the employee's original donation.

Q: How does that work?

A: Let's say you are single, work full time at the ABC Company and want to donate \$500 to Catholic Charities. The ABC Company offers a 100% Match up to \$500!

That means \$500 (from you) + \$500 (from ABC) = \$1,000 for Catholic Charities

Q: What if my spouse and I work at the same place?

A: Maximize your gifts! If together you and your spouse were planning to give \$1,000 to Catholic Charities, you can maximize your gift through the Match Program by giving individual gifts, in order to receive the maximum match amount.

Spouse A gives \$500 + \$500 (from ABC Company) and Spouse B gives \$500 + \$500 (from ABC Company) = \$2,000 total gifts for Catholic Charities!
